---

## WORK EXPERIENCE

### Full Stack Developer

Futr, Los Angeles, California — Febrary 2025 - November 2026

- Develop an autonomous business-building and management platform named “Gondoor”. It helps users build, launch, and grow their businesses by automating software development, marketing, research, and daily operations through autonomous AI agents.
- Developed a decentralized social media application designed for Web3 enthusiasts to engage, predict trends, and interact. Built using Next.js for the frontend and NestJS for the backend, the platform integrates real-time communication using web socket, and interactive prediction features tailored for topics around the world.

### Frontend Next.js Developer

Tint Track, Los Angeles, California — October 2024 - February 2025

- Lead a frontend team, monitor job orders, and create testing environment for CI/CD
- Design frontend architecture and produce reusable react components for the frontend team to utilize
- Work along with the backend team for API integration
- Create perfomance optimization such as lazy loading, data caching, and responsive design

### Web Developer

Springboard Philippines — March 2024 - December 2024

- Design frontend architecture and produce reusable react components for the frontend team to utilize
- Work along with the backend team for API integration
- Create perfomance optimization such as lazy loading, data caching, and responsive design
- Code review with senior and educate new hired developers
- Colaborate with design team for UI UX designs

### Freelance Frontend Developer

October 2022 - March 2024

- Create a leave management system for HSBC Philippines employees using React, Tailwind css, Nodejs, Express.js, and MongoDB

### Sales Engineer

Shoketsu SMC Corporation — Dec 2017 - July 2022

- Provide engineering solutions and recommend product improvements to customers.
- Conduct technical consultation, promote product applications and demonstrate product features.
- Generate regular sales activity reports and sales analysis, providing valuable insights for the team to improve sales performance.
